Your honor:

During the time of my cooperation with the Prosecution I met with ATF agent John Ciccone and Montebello Police Officer Chris Cervantes. During those meetings I was given information that I could later use in court to convict other defendants.

Information such as evidence found at certain crime scenes should never be revealed to a possible witness/informant it can be used to convict an innocent defendant.

I refuse to use it to help them but I am concerned that later they will convince other operators to perjure them selves and use this evidence.

From my prison cell I do not have access to anyone who might investigate my accusations against Ciccone and Cervantes. I know that inmates are not considered very credible but if someone with the authority to investigate my accusations would ask me

what I have learned from my meetings with Ciccone and Cervantes. They may find what

I am saying credible. I have not released the contents of my meetings with Ciccone and Cervantes to the News Media for fear of contaminating legitimate witnesses testimony to these cases. The News Media will be my last resort to prevent these two from sending an innocent man to prison.

Thank you
Ruben Cavazos Sr.
